

PLATINUM HEALTH

will assist Members aged 60 and above to register for the COVID-19 vaccine

PLATINUM
HEALTH

Platinum Health would like to encourage Platinum Health Members aged 60 and above to register for the COVID-19 vaccine. Platinum Health realises that some members aged 60 and above, may not have the resources to register on the Electronic Vaccination Data System (EVDS).

Platinum Health will therefore assist beneficiaries aged 60 and above to register on the EVDS system, if they are unable to do so themselves.

Platinum Health will dedicate resources to contact all beneficiaries aged 60 and above within the next few weeks to confirm if assistance is required.

When Platinum Health contacts beneficiaries, they will be requested to give Platinum Health consent to register them on the EVDS system.

Please note that all telephone calls will be recorded for record purposes.
