PlatFreedom Option

Benefits for 2026

PlatFreedom offers members complete freedom of choice to see service providers they prefer; however, members will be liable for the full cost once the limit is reached. PlatFreedom's benefit offering has been enhanced as all benefits are no longer linked to the Overall Annual Limit (OAL), only the in-hospital and selected benefits (*) are now subject to OAL of R1 221 241 per member family.

Hospitalisation is subject to the OAL at 100% of the lower of cost or Scheme rate and authorisation must be obtained from the Scheme in all instances. There is a limit on Acute medication inclusive of the over-the-counter (OTC) benefit. Prescribed Minimum Benefits (PMBs), as required by the Medical Schemes Act, are covered both in-and-out of hospital at 100% of cost/negotiated tariff; subject to services rendered by a public hospital or the Scheme's DSPs at cost and no levy or co-payment shall apply.
