

# Meet Dr Mmakau Seloane

## New GP at Mashishing Medical Centre

PLATINUM  
HEALTH

Platinum Health (PH) management extends a warm welcome to Dr Mmakau Seloane who joined the medical team at Mashishing Medical Centre.

After completing his community service in 2019 at Dilokong Hospital, Dr Seloane managed his own private practice for eight months. From there he served as Medical Officer at Lebowakgomo Hospital, at the Obstetrics and Gynaecology Department. Dr Seloane initially joined the Platinum Health team in 2022 as Locum Doctor at the PH Burgersfort Medical Centre, and his hard work has seemingly paid off as he was permanently appointed at Mashishing with effect from 10 January 2023.

Commenting on his new position, Dr. Seloane said: "I am very excited about my new appointment as general practitioner at Mashishing Clinic. It feels great to have joined the great multi-disciplinary team of Platinum Health. Through hard work and dedication, I am looking forward to adding value and making a difference in caring for Platinum Health members and their dependents".

We wish Dr. Seloane all the best with his new responsibilities.
