## IMPORTANT NOTICE REGARDING DENTAL SERVICE PROVIDERS

PLATINUM  
HEALTH

It has come to Platinum Health's (PH) attention that a dental practice called Toothfairy Dental Clinic is visiting members' workplaces, claiming that they have an agreement with Platinum Health (PH) to provide dental services to members.

Members should be aware that PH does not have a contract with Dr J Lekota "Toothfairy Dental Clinic" with practice number 0527947 and members should refrain from utilising this dental clinic, as Platinum Health will not cover the costs for services supplied by this dental practice. We urge all PH members not to utilise this clinic and advice fellow members to be vigilant as well.

Members are reminded that if they are within a 50km radius of Platinum Health designated service providers (DSPs), they are obliged to utilise such DSPs. To view DSPs, visit the PH website ([www.platinumhealth.co.za](http://www.platinumhealth.co.za)).

Members are urged to verify with PH first before utilising service providers who approach them with such offers.
